

## REQUEST FOR INFORMATION REGISTRATION FORM

### 5.0 - 6.5 MW COMMUNITY SOLAR PHOTOVOLTAIC AND BATTERY STORAGE PROJECT DEVELOPMENT

AREA intends to develop community solar photovoltaics (PV) and battery storage systems on behalf of its municipal electric utility owners. AREA's Request For Information (RFI) is designed to determine the technical and commercial expertise in the Nova Scotian market that can be applied to AREA's community solar and battery storage projects. In order to receive the RFI documentation, interested parties "Respondents" must complete the following Registration Form and submit it to the AREA contact below.
