- .1 The Contractor shall pay all royalties and license fees and shall save the Owner harmless from loss on account of suits or claims which may arise by reason of the Work for infringement of patents.

GC29 USE OF PREMISES

- .1 N/A

GC30 CLEANING UP

- .1 The Contractor shall at all times keep the premises free from accumulations of waste materials or rubbish caused by the employees or Work and at the completion of the Work he shall remove all his rubbish from and about the building and all his tools, scaffolding and surplus materials, leaving his Work broom clean or its equivalent, unless more exactly specified. In case of dispute, the Owner may remove the rubbish and charge the cost to the Contractor as the Consultant shall determine to be just.

GC31 CUTTING, PATCHING & DIGGING

- .1 N/A

GC32 DELAYS

- .1 If the Contractor is delayed in the completion of the Work by any act or neglect of: The Owner or Consultant, any employee or either any other Contractor employed by the Owner, changes ordered in the Work, strikes, lockouts, fire, unusual delay by common carriers, unavoidable casualties, any other cause of any kind whatsoever beyond the Contractor's control or by any cause within the Contractor's control which the Consultant shall decide as justifying the delay, then the time of completion shall be extended for such reasonable time as the Consultant may decide.
- .2 No such extension shall be made for delay occurring more than seven days before claim therefore is made in writing to the Consultant, provided however that in the case of a continuing cause of delay, only one claim shall be necessary.
- .3 If no schedule is made under GC3, no claim for delay shall be allowed on account of failure to furnish Drawings until two weeks after demand for such Drawings and not then unless such claim be reasonable.
- .4 The Consultant shall not, except by written notice to the Contractor, or as provided in GC18, stop or delay any part of the main Contract Work pending decisions or proposed changes.

GC33 OWNER'S RIGHT TO DO WORK

- .1 If the Contractor should neglect to prosecute the Work properly or fail to perform any provision of this Contract, the Owner, after three days written notice to the Contractor and the Surety, may without prejudice to any other remedy he may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due the Contractor.

GC34 OWNER'S RIGHT TO TERMINATE CONTRACT

- .1 If the Supplier should be adjudged a bankrupt, or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed on account of his insolvency or if he should, except in cases recited in Article GC33, refuse or fail to supply enough properly skilled workmen or proper materials after having received seven days' notice in writing from the Consultant to supply additional workmen or materials, or if he should fail to make prompt payment to Sub- Contractors or for material or labour, or persistently disregard laws, ordinances or the instructions of the Consultant, or otherwise be guilty of a substantial violation of the provisions of the Contract, then the Owner may, without

prejudice to any other right or remedy, by giving the Contractor and the Surety written notice, terminate the employment of the Contractor and take possession of the premises and of all materials, tools and appliances thereon and finish the Work by whatever method he may deem expedient, but without undue delay or expense. In such case, the Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the contract price shall exceed the expense of finishing the Work, such excess shall be paid to the Contractor. If such expense shall exceed such unpaid balance, the Contractor shall pay the difference to the Owner.

GC35 CONTRACTOR'S RIGHT TO STOP WORK OR TERMINATE CONTRACT

- .1 N/A

GC36 MUTUAL RESPONSIBILITY OF CONTRACTORS

- .1 N/A

GC37 SEPARATE CONTRACTS

- .1 The Owner reserves the right to let other contracts in connection with the undertaking of which the Work is a part and the Contractor shall connect properly and coordinate his Work with that of other Contractors. If any part of the Contractor's Work depends for its proper execution or result upon the Work of another Contractor, the Contractor shall report promptly to the Consultant any defects in the Work of such other Contractor as may interfere with the proper execution of the Contractor's Work. Should the Contractor fail so to inspect and report, he shall have no claim against the Owner by reason of the defective or unfinished Work of any other Contractor, except as to latent defects not reasonably noticeable at the time of the commencement of the Contractor's Work.

GC38 ASSIGNMENT

- .1 This Contractor shall not assign the Contract or assign any monies due or accruing under the Contract under any circumstances.

GC39 SUB-CONTRACTS

- .1 The Contractor agrees that the list of names of Sub-Contractors supplied with the Bid is the list of Sub-Contractors proposed to be used to carry out those parts of the Work noted thereon and he shall not employ any to whom the Consultant may reasonably object.
- .2 If the change of any name on such list is required by the Consultant and the Work has to be awarded to a higher bidder, the Contract Price shall be increased by the difference between the two bids.
- .3 The Consultant shall, on request, furnish to any Sub-Contractor, wherever practicable, evidence of the amounts certified to on his account.
- .4 The Contractor shall be held as fully responsible to the Owner for the acts and omissions of his Sub-Contractors and of persons directly or indirectly employed by them, as for the acts and omissions of persons directly employed by him.
- .5 In view of this responsibility for the acts and omissions of his Sub-Contractors, the Contractor shall not be obliged to employ as a Sub-Contractor any person or firm to whom he may reasonably object.

- .6 Nothing contained in the Contract Documents shall create any contractual relation between any Sub-Contractor and the Owner.

GC41 TAXES

- .1 Harmonized Sales Tax
- .1 The Province of Nova Scotia is not exempt for Harmonized Sales Tax (HST) purposes. As a result, the aggregate amount of the bid for Nova Scotia Community College contracts is subject to HST, however, prices submitted shall not include HST.
- .2 The Contractor agrees he has not included in his bid, Harmonized Sales Tax on materials and services to be provided in connection with this Contract.
- .3 The HST, payable by Nova Scotia Community College, will be added as a separate item during the processing of progress payments and therefore HST will not appear as a cost in the aggregate amount of Bid.
- .4 The Contractor shall apply for an Input Tax Credit (ITC) for a portion of the HST paid in relation to the Contract to requirements of the Government of Canada.

GC43 APPLICATION FOR PAYMENT

- .1 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month.
- .2 Each Application for Payment shall be based upon the Schedule of Values submitted by the Contractor in accordance with the Contract Documents. The Schedule of Values shall allocate the entire Contract Price among the various portions of the Work and be prepared in such form and supported by such data to substantiate its accuracy as the Consultant may require. This Schedule, unless objected to by the Consultant, shall be used as a basis for reviewing the Contractor's Applications for Payment.
- .3 Applications for Payment shall indicate the percentage for completion of each portion of the Work as of the end of the period covered by the Application for Payment.
- .4 Subject to the provisions of the contract Documents, the amount of each progress payment shall be computed as follows:
- .1 Take that portion of the Contract Price properly allocable to completed Work as determined by multiplying the percentage completion of each portion of the Work by the share of the total Contract Price allocated to that portion of the Work in the Schedule of Values, less retainage of ten percent (10%). Pending final determination of cost to the Owner of changes in the Work, amounts not in dispute may be included even though the Contract Price has not yet been adjusted by Change Order.
- .2 Add the portion of the Contract Price properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction (or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing), less retainage of ten percent (10%).
- .3 Subtract the aggregate of previous payments made by the Owner.
- .4 Subtract amounts, if any, for which the Consultant has withheld or nullified.
- .5 The progress payment amount determined in accordance with **GC43.4** shall be further modified under the following circumstances:
- .1 Add, upon Substantial Completion of the Work, a sum sufficient to increase the total payments to ninety nine percent (99%) of the Contract Price, less the retainage of ten percent (10%) and such

- amounts as the Consultant shall determine for incomplete Work. The retainage of ten percent (10%) shall be payable thirty (30) days after the date of Substantial Completion of the Work.
- .2 Add, if final completion of the Work is thereafter materially delayed through no fault of the Contractor, any additional amounts payable in accordance with **GC 43.6**.
- .6 If on account of climatic or other conditions reasonably beyond the Contractor's control, there are items of work that cannot readily be completed, the payment in full for the work which has been completed shall not be delayed on account thereof, but the Owner may withhold a sufficient and reasonable sum until the uncompleted work is finished and such as will adequately protect the Owner in connection with his responsibilities.
- .7 Final payment, constituting the entire unpaid balance of the Contract Price, shall be made by the Owner to the Contractor when
- .1 The Contract has been fully performed by the Contractor except for the Contractor's responsibility to correct nonconforming Work as provided in Subparagraph .1 of GC16 of the General Conditions and to satisfy other requirements, if any, which necessarily survive final payment; and
- .2 A Final Certificate for Payment has been issued by the Consultant; such final payment shall be made by the Owner not more than 30 days after the issuance of the Consultant's Final Certificate for Payment

GC44 **PAYMENT**

- .1 The Owner undertakes and agrees:
- .1 To pay the Contractor in lawful money of Canada for the performance of the Contract ***the written amount identified as the Contract Price***; subject to additions and deductions as provided in the General Conditions of the Contract and
- .1 Based upon Applications for Payment submitted to the Consultant by the Contractor and Certificates for Payment issued by the Consultant, to make progress payments on account of the Contract Price to the Contractor as provided herein and elsewhere in the Contract Documents.
- .2 Provided an application for Payment is received by the Consultant not later than the first day of a month, the Owner shall make payment to the Contractor not later than the first day of the next month. If an Application for Payment is received by the Consultant after the application date fixed above, payment shall be made by the Owner not later than 30 calendar days after the Consultant receives the Application for Payment.

GC45 **RELATIONSHIP OF OWNER AND CONTRACTOR**

- .1 The Contractor and the Owner for themselves, their successors, executors, administrators and assigns, hereby undertake and agree to the full performance of the covenants contained in the Bid Documents and the Contract Documents, including but not limited to, the General Conditions of the Contract and that this Agreement with the Bid, Instructions to Bidders, General Conditions of the Contract, Supplementary General Conditions of the Contract, the Specifications and Drawings constitute the Contract.
- .2 Upon notification of award of contract by the Owner, the Contractor shall promptly provide the Owner the address to which all correspondence concerning the Work shall be sent. If and whenever the Owner desires to give notice to the Contractor under or in connection with this Contract, the Contract Documents, including but not limited to or the General Conditions of the Contract, such notice will be effectively given if sent by Registered Mail to the Contractor at this address and will be considered as having been so given at the time of the deposit thereof in the Post Office.
