1.0 Introduction

The Municipality of the County of Richmond is a rural area of Cape Breton with a population of approximately 8,900 people residing in roughly 4,000 households. The Municipality covers 1,244 square kilometres. The Municipality owns, operates and maintains four (4) central sewer systems serving the communities of Arichat, Petit de Grat, Louisdale and Evanston, representing approximately 1,200 households.

The mission of the Municipality of the County of Richmond Wastewater Operations is to collect and treat wastewater such that high quality effluent is released into the environment that meets or exceeds provincial and federal standards.

The Petit De Grat and Arichat Sewage Treatment Plants are Grey Lightnin extended aeration plants constructed in the mid-1970s and are approaching 50 years of age. In 2012 Nova Scotia Environment issued new operating approvals for the Arichat, Petit De Grat and Louisdale Sewage Treatment Plants. As part of the new approvals the Municipality had to complete Sewer Assessment Reports (SARs) on the subject plants with the goal of evaluating plant performance and determining if the plant is in compliance with the effluent limits, and if not, what modifications may be required to achieve compliance.

The SARs identified a number of shortcomings in both the Arichat and Petit De Grat plants and suggested that a number of modifications may be required to meet effluent criteria.

3.0 Administrative and Legal Requirements

3.1 Business Registration

Proponents are required to be registered to carry on business in accordance with applicable laws.

The status of a proponent’s business registration does not preclude the submission of a proposal in response to this RFP. A proposal can be accepted for evaluation, regardless of (i) whether the company is registered, or (ii) whether its business registration is in good standing. However, a contract cannot be awarded unless the successful proponent is registered and in good standing, in accordance with applicable laws.

If the proponent’s business is not required to register in Nova Scotia, the proponent will be required to submit registration from your applicable Provincial jurisdiction.

3.2 Contract

After the evaluation, the successful proponent(s) will be required to sign the contract that will constitute the legal agreement with the procuring entity for this project and govern all aspects of the services/goods to be delivered. It will incorporate the relevant terms of this RFP and the provisions of the successful proposal as determined by the procuring entity, and any other terms as the procuring entity may require.

3.2.1 Contract Terms

The standard services contract is included as Appendix B.

3.2.2 Declaration of Contract Intentions

As outlined in Appendix A, the proponent should prepare a declaration of its intentions regarding the contract. The declaration should be included with your proposal as a separate document. Failure to include a completed declaration may be grounds for disqualification.

If the proponent wishes to request alterations to the standard services contract, these should be identified in the declaration. The extent of the deviations from the contract provided will be taken into account when evaluating proposals. The proponent who requests changes to the contract risks having its score significantly reduced. Therefore, requested alterations should reflect only those changes that the proponent considers to be vital.
3.3 Other Important Provisions

3.3.1 Addenda and Addenda Acknowledgement

Proponents are responsible to ensure that they are aware of and have complied with any addenda issued in respect of this RFP, by visiting the Provincial Procurement Services Web portal site at http://www.gov.ns.ca/tenders.

Responding to this RFP may require the acknowledgement of a specific addendum or multiple addenda as part of the submission. Acknowledgement requirements, whether optional or mandatory, will be specified in the applicable addendum. The proponent must monitor the Procurement Services website for any addenda that may be issued during the open period of the RFP.

3.3.2 Constraints

The parties acknowledge and agree that all materials and information provided to the procuring entity shall be kept confidential, subject to the provisions of the Nova Scotia Freedom of Information and Protection of Privacy Act (FOIPOPA; S.N.S. 1993, c. 5) and the laws of Nova Scotia and Canada generally. Information about the Act is available online at:

http://nslegislature.ca/legc/statutes/persinfo.htm

3.3.3 Conflict of Interest

The procuring entity reserves the right to disqualify any proponent that in the procuring entity’s sole opinion has an actual or potential conflict of interest or an unfair advantage in respect of this RFP, whether existing now or is likely to arise in the future, or may permit any such proponent to continue and impose such terms and conditions on that proponent, as the procuring entity in its sole discretion may require.

Proponents are required to disclose, to the RFP Contacts, any potential or perceived conflict of interest issues immediately upon becoming aware of any such conflict.

Information about the Nova Scotia Conflict of Interest Act (S.N.S. 2010, c. 35) can be found at:

http://nslegislature.ca/legc/statutes/conflict.htm

3.3.4 Right to Reject; Financial Stability; Non-Compliance

3.3.4.1 Failure to comply with any of the mandatory terms or conditions contained or referenced in the Solicitation documents shall result in the rejection of the Bid.

3.3.4.2 All of the terms, conditions and/or specifications stated or referenced in the Solicitation are assumed to be accepted by the Bidder and incorporated in the Bid.

3.3.4.3 Bidders may be required to demonstrate financial stability, authorization to provide the goods/services being acquired, and/or regulatory agency approval, licensing or registration as needed, or otherwise clarify Bidder’s capability to satisfy the Solicitation requirements. The Procuring Entity reserves the right to reject Bids from any Bidder that it believes is incapable of
providing the necessary labour, materials, equipment, financing or management resources to perform the work or supply the goods in a satisfactory and timely manner.

3.3.4.4 The Procuring Entity reserves the right to waive minor non-compliance where such non-compliance is not of a material nature in its sole and absolute discretion, or to accept or reject in whole or in part any or all Bids, with or without giving notice. Such minor non-compliance will be deemed substantial compliance and capable of acceptance. The Procuring Entity will be the sole judge of whether a Bid is accepted or rejected.

3.3.4.5 The Procuring Entity reserves the right to split an award amongst Bidders as deemed in the best interests of the Procuring Entity.

3.4 Proposal Format

To help ensure consistency in proponent responses and facilitate the evaluation process, the proposal should be prepared and packaged, as outlined in the sections that follow. 5.0 Proposal Evaluation

5.1 General Information

The Evaluation Team will consist of representatives of the procuring entity, and may include other representatives as deemed appropriate by the procuring entity. It is understood and accepted by the proponent that all decisions about the degree to which a proposal meets the requirements of this RFP are in the sole determination of this Evaluation Team.

To assist in the evaluation of proposals, the Evaluation Team may, but is not required to:

- Conduct reference checks relevant to the proposal with any or all of the references cited in a proposal to verify information regarding a proponent and rely on and consider any relevant information from such cited references in the evaluation of a proposal.

- Seek clarification from a proponent with respect to their proposal. Such clarification will not offer the proponent the opportunity to change or provide new information. To the extent possible, requests made by the Evaluation Team will be sent from the email addresses of the RFP Contacts.

A proposal will be examined in accordance with the evaluation process and criteria outlined in the sections below.

5.2 Evaluation Process

The proposal will be evaluated using the following process:

Stage 1: Proposal will be reviewed to determine compliance with all mandatory criteria identified in section 5.3

Stage 2: Proposals that meet all mandatory criteria will be evaluated and scored using the evaluation criteria and assigned weights set out in the table in section 5.4. Proposals that do not meet the qualifying score for subtotal A set out in section 5.4 will be given no further consideration.

The compliant proposal that scores the highest number of rated points will be recommended for award of a contract.

5.3 Stage 1 – Mandatory Criteria

A proposal must meet all of the following mandatory criteria and clearly demonstrate that these are met. If a proposal fails to meet any one of these criteria, it will be deemed non-compliant and will be rejected.

1. All proposals must be submitted in Canadian dollars (CDN) exclusive of all taxes.

2. Proponents must have demonstrated experience in the design of wastewater treatment facilities in Nova Scotia.
5.4 Stage 2 – Evaluation Criteria

If a proposal meets the Mandatory Criteria it will be evaluated using the Evaluation Criteria set out in the table below. Scores will be recorded for each criterion and a total score will be determined.

Prepare the table below, inserting references to the appropriate sections within your proposal that deal with each criterion under evaluation.

The Supplier is engaged by the Municipality hereunder as an independent contractor and shall not at any time hold itself out as an employee, servant or agent of the Municipality. No partnership, joint venture, agency or other legal relationship is created or deemed to be created by this Agreement or any actions of the parties hereunder. The Supplier shall not have authority under this Agreement to bind the Municipality, or to commit the Municipality to the payment of money to any third party.

7.0 COMPLIANCE WITH LAWS

7.1 The Supplier shall comply with all applicable laws governing the conduct of its business and the provision of the Services to the Municipality. The Supplier agrees to maintain in good standing all licences, permits, registrations or authorizations it is required to obtain in order to lawfully provide the Services in Nova Scotia. Without limiting the foregoing, professional personnel performing any part of the Services on behalf of the Supplier shall be required to comply with all applicable professional registration or licensing requirements in effect in Nova Scotia at the time such Services are being performed.

7.2 Neither the acceptance of the Supplier’s Proposal, nor the execution of this Agreement by the Municipality, shall be or deemed to be approval or authorization by the Municipality to anything related to the business or operations of the Supplier or the provision of the Services that requires any permit or licence or approval pursuant to federal, provincial or municipal legislation, regulations or bylaws.
7.3 The Supplier shall promptly provide to the Municipality, upon request, copies of all permits, licences, authorizations and registrations that it is required to obtain in order to provide the Services, as well as evidence of the Supplier’s compliance with laws applicable to the performance of the Services, including without limitation, the Workers’ Compensation Act (Nova Scotia) and the Occupational Health and Safety Act (Nova Scotia).

8.0 LIABILITY AND INDEMNITY

8.1 The Supplier shall indemnify and hold harmless the Municipality, its Municipality’s, employees, servants and agents from and against all damages, costs, loss, expenses (including legal fees), claims, actions, suits or other proceedings of any kind or nature, which they, or any of them, may at any time incur or sustain as a result of or arising out of an Event of Default, or any act, omission or negligence of the Supplier, or any of its employees, servants, agents, or subcontractors, in the performance of this Agreement, including without limitation, any injury or death to persons, or loss of or damage to property. Notwithstanding the foregoing, the Supplier shall not be liable for any indirect or consequential damages sustained by the Municipality unless such damages result from the negligence or wilful default of the Supplier, its servants, agents or subcontractors.

8.2 The Municipality shall not be liable for any damages or injury (including death) to any person or to any property of the Supplier as a result of or arising out of this Agreement or the provision of the Services by the Supplier under this Agreement, unless such damages are direct damages and are caused solely and directly by or as a result of the negligence of the Municipality. In no event shall the Municipality be liable for any indirect or consequential damages that are sustained by the Supplier, howsoever caused, as a result of or arising out of this Agreement or the provision by the Supplier of any Services hereunder.

9.0 RESOURCES

9.1 In the event that the Supplier requires access to equipment or office space of the Municipality in order to carry out any part of the Services, the Supplier shall comply with all applicable safety and security legislation and all policies and directives of the Municipality relating to any buildings, premises, equipment or software to which the Supplier is given access.

9.2 The Supplier shall assign a sufficient number of qualified, competent and skilled personnel to carry out its obligations under this Agreement. In the event that the Supplier’s Proposal included the names or titles of specific personnel or any proposed subcontractor to provide the Services, or any part thereof, the Supplier’s personnel and any subcontractors so indicated in the Proposal shall be required to provide the Services and no substitutions shall be permitted without the prior written consent of the Municipality. If the Municipality, in its sole discretion, considers a proposed substitute to be acceptable, the Municipality may consent to the substitution, provided however that such consent may be subject to such terms and conditions as the Municipality designates in writing to the Supplier. Notwithstanding the foregoing, the Municipality shall have the right at any time, in its sole discretion, to require that the Supplier replace, at no cost or expense to the Municipality, any Supplier personnel or subcontractor involved in providing the Services whom the Municipality determines to be unsuitable, and in such event, the Supplier shall immediately appoint a duly qualified, competent and skilled replacement to fill the position vacated.

10.0 TITLE AND ACCEPTANCE
10.1 Unless otherwise expressly provided in this Agreement, title to all deliverables, or any part thereof, comprising the Services to be provided by the Supplier shall vest in the Municipality on delivery and acceptance by the Municipality. Upon payment being made by the Municipality on account of materials, parts, work in process, or finished work, title therein shall vest in and remain with the Municipality, provided however that the risk of any loss or damage thereto shall remain with the Supplier until their acceptance by the Municipality. Vesting of title in the Municipality as a result of payments made by the Municipality to the Supplier shall not constitute acceptance, or be deemed to constitute acceptance, by the Municipality of any such materials, parts, work in progress or finished work, and shall not relieve the Supplier of its obligations to perform the Services in accordance with the requirements of this Agreement.

10.2 The Supplier shall promptly pay for all labour, services and materials that it requires to provide the Services. The Supplier agrees that it shall not do or permit anything to be done that would result in any liens, charges or encumbrances being placed on or attaching to any materials, parts, work in process, finished work or deliverables comprising the Services to be provided to the Municipality under this Agreement.

11.0 FORCE MAJEURE

11.1 The Supplier shall not be liable for a failure or delay in performing any of its obligations hereunder that occurs without the fault or negligence of the Supplier and is attributable solely to a cause beyond its reasonable control ("Force Majeure Event"). For the purposes of this Agreement, the following shall be considered to be a Force Majeure Event: floods, fire, explosion, power failure, acts of God, war, civil commotion, the enactment of any law, order, regulation or bylaw, labour strikes, slowdowns, picketing and boycotts.

11.2 Where the Supplier claims that a Force Majeure Event has occurred, the Supplier shall be required to give immediate written notice thereof to the Municipality, which notice shall describe the Force Majeure Event, its cause, the probable duration of the delay resulting therefrom, and the steps being taken by the Supplier to mitigate the impact of the Force Majeure Event on the performance of the Supplier’s obligations hereunder.

11.3 Notwithstanding the foregoing provisions of this Section 11, if a delay or failure arising from a Force Majeure Event continues for ten (10) consecutive, the Municipality may, in its sole discretion, terminate this Agreement upon three (3) days prior written notice to the Supplier. In the case of termination by the Municipality pursuant to this Article 11.3, the Supplier shall be entitled to receive payment only for the Services provided prior to the termination date which have met the requirements of this Agreement, and such payment shall constitute full and final satisfaction of the Municipality’s obligations to the Supplier hereunder.
12.0 REPRESENTATIONS AND WARRANTIES

12.1 The Supplier represents and warrants to the Municipality, with the intention and knowledge that the Municipality is relying on each such representation and warranty in entering into this Agreement, that:

a) All statements contained in the Supplier’s Proposal, and any certificate or other document delivered to the Municipality under this Agreement or in connection with the Services to be provided hereunder are true and correct;

13.0 CONFLICT OF INTEREST

13.1 The Supplier shall not permit an actual or potential conflict of interest to arise between its obligations to the Municipality under this Agreement and its obligations to any third party. The Supplier shall immediately notify the Municipality in writing if any such potential or actual conflict of interest should arise at any time during the Term.

14.0 ASSIGNMENT AND SUBCONTRACTING

14.1 The Supplier shall not assign this Agreement or any of its rights or obligations hereunder, or subcontract the performance of any of the Services without the prior written consent of the Municipality, which consent may be withheld by the Municipality in its sole discretion. Any purported assignment or subcontracting by the Supplier without such consent shall be of no force or effect.

14.2 The Municipality’s consent to an assignment of this Agreement, or the subcontracting of the performance of any of the Services to be provided by the Supplier hereunder, shall not relieve the Supplier from any of its obligations under this Agreement and the Supplier shall, notwithstanding any such consent by the Municipality, remain responsible for the performance of the Services and all other obligations of the Supplier set out herein.
15.0 ACCOUNTS AND AUDIT

15.1 The Supplier shall keep proper and accurate books and records, including all invoices, receipts and vouchers, relating to the Services and all expenditures and commitments made in connection therewith. The Supplier shall make such books and records available to the Municipality for review or audit within ten (10) days following receipt of a request from the Municipality to do so. The Supplier agrees that it shall retain all such books and records and make them available for review or audit by the Municipality for a period of three (3) years after the date of final payment by the Municipality hereunder. Any review or audit by the Municipality pursuant to this Article 15.1 shall be carried out by the Municipality at the Municipality’s expense.

The waiver by the Municipality of any breach of a term or provision of this Agreement shall not be or be deemed to be a waiver of any continuing or subsequent breach by the Supplier of the same or any other term or provision of this Agreement.

19.0 REMEDIES CUMULATIVE

19.1 The rights and remedies of the Municipality set out in this Agreement are cumulative, and are in addition to and not in substitution for any other rights or remedies available to the Municipality at law or in equity.

20.0 DISPUTES

20.1 If a dispute arises between the Municipality and the Supplier arising out of or relating to this Agreement, or the subject matter hereof, the Municipality and the Supplier agree that they shall each make all reasonable efforts to resolve any such dispute on a timely basis through amicable negotiations. Disputes shall promptly be referred by each party to their respective senior management representatives who have the authority to resolve and settle any such disputes on their behalf. In the event that such representatives cannot resolve the dispute within ten (10) days, or such longer period as the parties may agree in writing, either party may elect, upon giving prior written notice to the other party, to resolve the matter through litigation proceedings.
